
EMBER & OAK PHOTOGRAPHY

Wedding Collections 2026

Honest, warm photographs of the day as it actually happened.

Maya Torres · Denver, Colorado · 2026

Hello, I'm Maya Torres

Ember & Oak is Maya Torres — a Denver wedding photographer with eight seasons behind the camera and a soft spot for the in-between moments: the hand squeeze before the aisle, the grandmother who dances first. Every collection includes Maya as your lead photographer, an online gallery you can share, and print rights for all delivered images.

How I work

I shoot the way I would want my own wedding photographed: mostly unposed, a little directed when the light is worth it, and never rushed. You get a mix of wide, honest documentary frames and a handful of portraits you will actually want on the wall.

Questions you might have

Do you travel?

Yes. Anywhere in Colorado is included. Beyond that, travel is billed at cost and quoted up front.

How many photos will we get?

At least 400 with The Essentials and 700 with The Full Day — usually more. Every delivered photo is edited by hand.

Can we print the photos ourselves?

Yes. You receive full-resolution files with print rights for personal use.

What if it rains?

Some of my favourite photos happened in bad weather. We plan a covered option for portraits and keep going.

Do you offer payment plans?

Yes — the balance can be split into monthly payments after the retainer.

The fine print

- A 30% non-refundable retainer and a signed agreement reserve your date.
- The remaining balance is due 30 days before the wedding.
- Galleries stay online for 12 months; downloads are unlimited during that time.
- Images may appear in my portfolio unless you ask for a private gallery.

Ready to talk about your day? Send a note through the website — I would love to hear your plans.
